NEW COUNTY WEBPAGE PROVIDES INFORMATION ABOUT DEVELOPMENT PROJECTS UNDER REVIEW

FREDERICK, MD – At the request of the Frederick Board of County Commissioners, the Community Development Division has set up a webpage at www.FrederickCountyMD.gov/PUD-MXDprojects to provide residents with information about Planned Unit Development (PUD) and Mixed Use Development (MXD) projects currently under review by the county. The webpage will inform Internet visitors about the review process, how to participate in the process, and information on proposed and approved projects.

The webpage provides information on PUD and MXD proposals that involve new projects or revisions to already approved projects. A link to this information is available from the Community Development Division webpage at www.FrederickCountyMD.gov/communitydevelopment under the “now available” heading at the top of the page.

Staff from the division are also available to meet with community groups to explain the process and answer questions about particular developments. To arrange a meeting with staff, contact Planning Manager Jim Gugel at 301-600-1144 or via e-mail at jgugel@FrederickCountyMD.gov.

For additional information, visit the Planning office at 30 North Market Street, Frederick, Md., or contact the Community Development Division at 301-600-1138.
